### Festival Corner Volunteer Passes

Parking during the festival this year will be a challenge as it was the case in years before, or even bigger challenge. Parking will not be allowed on the street at all. Your cooperation is needed. There will be designated parking for the Festival volunteers.

Volunteers are required to place the parking pass with the Booth name printed on it on the dashboard of the vehicle prior to entering the parking lot. This is very important to get access to the designated parking area. Booths chairmen, please provide Irene Koutouzis with the number of parking passes that are needed for your volunteers.

Please pick up the passes **no later than:**  
**Thursday, November 5th,**  
**before Festival begins**

Only the volunteers who have parking passes will be allowed to park in in the parking lot across from the church, and in the few spaces that are available behind the church. Visitors who come to enjoy themselves are encouraged to use the bus shuttle with the extended hours and services. Thank you for your help and cooperation in making Greek Festival 2015 another success. Irene Koutouzis
